Enter the world of Mina Kitchen and spend one hilarious week with her. More happens in a week than most people have happen in six months... In her forties, office manager at EEJIT, single, owns a cat, a bird and her own apartment and loves to cook, if she gets the chance... Only problem she is never alone. Seems her neighbor Vito is always at her house, cooking up some concoction that would make most people run for cover and addicted to her Swiffer while he manages to hook Mina into taking his laundry to the cleaners and pick up what is there.

Seems someone has been going around slinging bags of flaming Doggie Doo and burning down the new Buy-A-Lots that are being promoted through the sales divisions at EEJIT. Only now it's starting to get personal. They try to burn down EEJIT's ,thrown a bag at Vito's apartment and Mina keeps getting knocked out. Now can they find the culprit? Eventually losing her job now Mina has to find other means as she has all the help in the world from the cast of characters

There is so much to this book that it would be impossible to write about everything that goes on throughout the week in her life. The book is full of what one would consider light comedy, word puns, cat's, dogs and cooking and the characters are amazing. From Vito who is in the witness protection plan, to Norman her work buddy who really is rich and doesn't need to work to her mother and aunt that is forever trying to let's say blackmail her into painting her apartment and her pregnant sister. Amid illegal prescription drug sales to being guarded by her former cohorts from work, life is one hilarious ride for Mina. This book was a real pleasure to read and more than once my husband wanted to know what was so funny when I was reading. One word of warning! I would not suggest trying the recipes in the book. I have just touched a little bit of what the book is about. I would recommend this book for all who like a comedy that will help break the gloominess of a day.

great book, January 19, 2012

By [GigglesSilly](#) - [See all my reviews](#)

This review is from: Kitchen Addiction! (Paperback)

I read this one yesterday while I was all snuggled up under a blanket with my dog. This is a easy read that had funny part and it was just what I needed. I thought this is very well written and and fun easy read. I am so glad I had the chance to read and review this book because I very much enjoyed it and I can not wait to read more book by Lizz Lund.

Fun in Lancaster County!, January 17, 2012

This review is from: Kitchen Addiction! (Paperback)

My husband bought me "Kitchen Addiction" for my birthday. It was a great choice! I am a big fan of light comedy, word puns, fun with names, cats and cooking. Having grown up near an Amish area in the Midwest, it was a lovely taste of home. This novel exceeded all my expectations.

Kitchen Addiction opens with zany fun & not-so-subtle puns, starting the story off with a bright, sunny, smile.

The cast of characters includes Mina's loving family, a friendly, good hearted neighbor - who's a former NJ mob member in witness protection, her bird & orange cat. The goofy plot and word puns will leave you chuckling aloud, especially if you're reading in a public location, like the subway.

The setting is Amish-centric Lancaster County, where everyone is truly nice. Kitchen Addiction is a must read for all who grew up in an Amish area (or anywhere in the Midwest) and miss it! It's like going home, but better.

Lizz's main character, Mina Kitchen, sounds like a lot of fun to chum-around-with. She's a real 21st century woman, balancing her love of family, pets, job and cooking. She's real, right down to her stunning, toe-mangling, sandals. She "works to live", until she loses her job. With the loss of her job, Mina shows us that as one door closes, another more exciting one opens. Mina has one humorous, but plausible adventure after another.

Kitchen Addiction is a "Must Read" light hearted comedy, perfect for the beach or a snowy day in front of the fireplace. You won't want to put it down. I finished the story last night & realized I would miss Mina's adventures.

Congrats Ms Lund, we look forward to your future stories!!

Cats and Cooking, November 28, 2011

By [Rebecca Johnson "The Rebecca Review"](#) (Washington State) - [See all my reviews](#)

This review is from: Kitchen Addiction! (Paperback)

If you love cooking and cats you will probably be amused by this story. Lizz Lund mixes memorable characters with bizarre behaviour and you never know what is going to happen next. One word of warning: don't try the recipes. They are only for your reading pleasure.
